Thought for the Day Our message today said a lot about the sowing and reaping principle God established. One interesting thing I've notice about our country is many people are sowing to the flesh and they are reaping the fruit of the flesh. It also seems that everyone has a clear view of what is wrong but no one has a solution to solve it. The problem is everybody is sure there side is completely right and the other side is completely wrong. When we do try to help someone, they seem to appreciate it for a short time and then quit when God doesn't change their circumstances quickly. Our last point this morning is do good to all men when you have a chance. I look at my own life remembering how I suffered when walking according to the flesh. I also remember what it feels like to be set free by the blood of Jesus. **1 Peter 2:24–25** ²⁴ Who his own self bare our sins in his own body on the tree, that we, being dead to sins, should live unto righteousness: by whose stripes ye were healed. ²⁵ For ye were as sheep going astray; but are now returned unto the Shepherd and Bishop of your souls. In these times of pandemics, demonstrations, riots and people struggling with addictions I realize how blessed I am to be led by the Shepherd and Bishop of my soul. When he is leading, I'm living in grace and walking in the Spirit. We can't stop when we get weary in well doing because we live in a world that desperately needs to return to the shepherd and Bishop of our souls. **Pastor Bruce**
