**Thought for the day** We are living through a time of great uncertainty. This week normally is a time of great fellowship at our church family and is a time of family gatherings on Easter. Tonight we are remembering Jesus died on the cross to pay sins debt so we could be reconciled to God and be assured of heaven. The cross is much more than that. God opens the way for us to fellowship with him. No matter how isolated we must be to be safe from the virus we will never be isolated from God. Nothing can separate us from His love. As believers prayer has always been our most powerful tool to bring peace to our minds. Today our prayers focus on the coronavirus and all Christians should lift this pandemic up daily. Focus also the cross because it was at the cross where God shows us clearly how much he loves us and what lengths He was willing to go to provide the way for our prayers to be heard. Never forget to praise Him and say to Him I love you to.
